MESSAGE FROM THE PRESIDENT

Since its inception, the United States of America has maintained a military force to defend itself. The U.S. military is currently composed of the Air Force, the Army, the Coast Guard, the Marine Corps, and the Navy. The U.S. military is currently a volunteer force consisting primarily of young people. It takes courage for a soldier to risk life and limb for his country. The vast majority complete their service and return to civilian life expecting nothing in return.

On November 11 of each year we celebrate Veterans Day. Veterans Day is often confused with Memorial Day. We celebrate Memorial Day to remember those who died during military service while we celebrate Veterans Day to honor those who served in the military. Veterans Day used to be called Armistice Day. The holiday was renamed Veterans Day in 1954. Armistice Day was celebrated to commemorate the end of World War I. We celebrate Veterans Day on November 11 because WW I officially ended at the 11th hour of the 11th day of the 11th month of 1918.

In today's climate of celebrating active military members and veterans, it is hard to believe that they were not always praised for their service. Veterans of the Viet Nam War came home to jeers, taunts and protests. They were vilified and shunned for decades because the war was unpopular. Adding insult to injury is the fact that most of them were conscripted into the war. Whether we agree with the political reasons that send our young men and women to war, we should remember to thank those who served our country this Veterans Day and every Veterans Day to come.

• **President Jim** presented our speaker with a "Share What You Can" award to benefit a veteran in need and then adjourned the meeting.
