# MESSAGE FROM THE PRESIDENT

Love gives meaning to life. It's what keeps us going when we feel like giving up; it remains when all else fails. True love doesn't quit or run out; it simply endures and overcomes.

Many of us think small acts of kindness make our days brighter and happier. However, an act of kindness, especially a consistent stream of warm acts, can be much more than that. Years ago, as a young father, I was counselled that love was spelled T – I – M – E. Giving our time consistently is one of the greatest acts of love we can perform.

Being loved as a child can provide a kind of protection throughout one's life. It gives a sense of self-worth and confidence when one is lonely, disappointed or threatened.

Have you ever considered 'love' as an act of courage? Sometimes it seems safer to close one's heart, to turn inward and avoid the possibility of heartache.

British writer C.S. Lewis wrote: "To love . . . is to be vulnerable. Love anything, and your heart will be wrung and possibly broken."

It takes **faith** and **hope** to truly love because there's always the risk of being hurt as we expose ourselves to others.

In the 1930s, young Gordon and Marjorie were engaged to be married. Gordon was worried about the economic realities of marriage during the Great Depression. He opened his heart to his fiancée and, with some anxiety, told her, "I think you should know that I only have \$150 to my name."

Marjorie responded with optimism, "Oh, that will work out just fine." She explained, "I had hoped for a husband and now I'm getting \$150 too!"

It was a vulnerable moment, but instead of expressing fear and worry, Marjorie expressed courage, confidence, optimism and even good humor. In other words, she expressed love. They did get married, and their marriage lasted nearly seven decades.

Memories of kindnesses can be an influence for decades and provide a sense of warmth long after the occasion has grown cold. These acts of unselfish love are remembered and cherished.

Love is courage, faith, hope and time. All of these I experience regularly in Rotary, locally, nationally and internationally. You, our members, are so generous in countless ways.

In our club, I've experienced love in abounding ways. From a warm embrace from a meeting greeter when I showed up feeling down, to our members consistently reading to disadvantaged children, to giving wheelchairs, and on and on. These acts of kindness have lasting impacts on the youth of our community, the handicapped and the otherwise disadvantaged. It also influences us.

*Mike*

# ARE WE RELATED?

Have you ever sat in a room full of people and wondered if or how you might be related to those around you?

Relatives around Me, a fun feature in the FamilySearch FamilyTree app, can tell you how you are related to friends, neighbors, or anyone sitting near you.

Do you know there's a good chance you are related to another member of the Las Vegas Rotary Club? Some of our board members have tried the app only to find they are fifth, sixth or eleventh cousins with others board members.

In January, we will be doing a program on Genealogy and Family History. To make it most effective, we need our members to do two things.

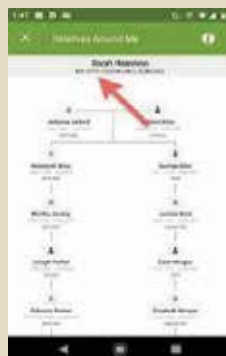

First, download the free app at the Google store or the Apple app store.

Second, look for your parents or grandparents using the app. You probably need to know their birth date and birth place. Once a few of your grandparents are in the app then you'll start getting hints. Build your tree as far as it is convenient. While you are visiting family during the holidays,

Once you go back to the 1940s or earlier, a lot of the research is easier since older data is regularly published by the government. For example, all of the census data from 1940 or earlier is available to the public and is in the FamilySearch app.

When you have that information in the app, it has a feature called "Relatives around Me." This fun feature in the FamilySearch Family Tree app, can tell you how you are related to friends, neighbors, or anyone sitting near you.

To try Relatives around Me, you and your potential cousin both need to be signed in to the Family Tree app and within approximately 100 feet of each other.

When you are in a room with others that have their Family Tree App open, you "Scan for Friends." Within seconds it will show you all the cousins you have in the room. Selecting the person's name will bring up a pedigree graphic showing your common ancestor and the lines through which you both descend. Pretty cool, right?

In addition, you can also find how you are related to famous people, like presidents, actors, athletes, historic figures, European royalty and more.

So download the app and search for your grandparents. We will give a brief demonstration in the meeting today.
