MESSAGE FROM THE PRESIDENT

Chinese Proverb states, "The best time to plant a tree was 20 years ago. The second-best time is now."

Have you been faced with a situation you wish you had been better prepared for, or started long ago? And did you move forward anyway? Then you are planting your tree!

I remember having a project that needed an approved by a local city government. I engaged a consultant who said he could fix it for what I thought was an exorbitant fee, but worth it for me to get that approval. He solved the problem and what seemed like no time.

I joked with him about his fee and he said, "yes, it took me an hour plus the 25 years of building those relationships." If you want success, growth and happiness in the future, the best time to act is now by planting seeds and building relationships.

Right now, the war in Ukraine is having devastating consequences on civilians as families flee their homes. According to the United Nations, more than five million people, most of them women and children, have sought refuge in neighboring countries and across Europe, while about seven million more people have been displaced within Ukraine.

Our clubs in Europe and around the world have taken swift action to provide food, water, medical equipment, and shelter for refugees.

For example,

- The Rotary Club of Cherkasy purchased and delivered medical supplies and medicine to multiple local hospitals. The club has also organized daily meals for 250 evacuated families.

- The Rotary Club of Kharkiv International have traveled to border countries to help refugees adapt to their new situations and evacuate families near war zones.

- The Rotary Club of Kyiv Synergy collected 350 boxes of medical supplies from Italy and distributed them to areas in Kyiv and Sumy.

- The Rotary Club of Kyiv-Sophia is preparing and delivering hot meals to residents of Kyiv and Irpen-Bucha.

- The Rotary Club of Lviv organized relief aid from European countries, then facilitated delivery to several humanitarian hubs across the country.

For more than 100 years, Rotary has been serving the world providing humanitarian support and other services. At the same time, it has built its network across the globe.

When the world is in crisis, I'm grateful Rotary planted seeds decades ago, so it has the reputation and resources to quickly and effectively help our sisters and brothers in Ukraine.

Marie Walsh talked about Paul Fisher, the revolutionary Fisher Space Pens and that each Valedictorian will receive one. She then called by groups of 10 with a total of 45 Valedictorians coming up introducing themselves, where they plan to go to university and the area in which they will study. What an outstanding group of students we heard from today.

Today’s guest speaker was Professor Nancy Rapoport, who is the Garman Turner Gordon Professor of Law at the William S. Boyd School of Law, University of Las Vegas, Nevada, Las Vegas and Affiliate Professor of Business Law and Ethics in the Lee Business School at UNLV. Nancy’s talk about the future for the valedictorian’s was outstanding and informative. She included in her speech a discussion about the value of the Four-Way Test in making important life choices. Nancy also advised that the students shouldn’t be afraid to fail and surround themselves with people smarter than them.

President Mike presented her with a “Sole Power” award to benefit a child in need of shoes and socks and, because she talked about the Four-Way Test, he also gave her the Rotary Four-Way Test coin. Immediately following the meeting was adjourned.

GREEN OUR PLANET

Led by our fabulous Rotarian Toni Kern, members of the Las Vegas Rotary served as volunteers for the Green Our Planet Giant Farmers Market on Friday, April 22 at Downtown Summerlin. This student market featured about 600 students from more than 50 schools throughout Southern Nevada. These students ran the market and sold fruits and vegetables grown in school gardens as well as handmade crafts. Students from Rotary sponsored elementary schools participated including Laura Dearing, Quannah McCall, Walter Long and Will Beckley. It was cold and windy but also wonderful to see the successes of the students!
