

March 25, 2026

Dear Janice:

Thank you so much for your hospitality during my visits to the Las Vegas Rotary Club meetings. As you know, my position as Area Governor for our Rotary District expects me to visit each of my clubs on a regular basis. I truly enjoy my visits to your club. The speakers are always amazing. Key speakers I have seen include the Executive Senior VP of Operations for the Sphere Organization, the top Interior Designer for Steve Wynn's hotels and restaurant facilities throughout the world, and most recently, Holly Lyman from Dignity Health who described all the amazing services they do to keep the community healthy.

I enjoy meeting your members and am always amazed how active your many committee chairs are in developing your very busy Community Service and Vocational Service events. The Santa Clothes event in December is outstanding where your club coordinates many of the local Rotary Clubs to provide school children a visit to a department store and to purchase clothes for themselves.

Finally, you plan your weekly meetings with such care and organizational skills to keep the meetings running smoothly. It is impressive to see the meetings get everything covered within the seventy-five-minute meeting time frame. Many of my other clubs have much smaller memberships, so my visits to your club are truly a highlight to my schedule of visits.

Bruce MacKenzie
