

*May 5, 2026*

Dear Janice,

On behalf of the One Drop Foundation, thank you for the Las Vegas Rotary's continued support of our Walk for Water event at the Springs Preserve.

Today, more than 2 billion people around the world still lack access to safely managed drinking water, and women and children often walk miles each day just to collect water for their families. Events like Walk for Water help raise awareness while inspiring our own community to take sustainable action toward solving the global water crisis.

We are incredibly grateful for Las Vegas Rotary's 2026 donation, as well as your loyal support throughout the years. Your partnership has helped make Walk for Water a meaningful and impactful event for students, families, and our Las Vegas community.

As we celebrate the 10th Annual Walk for Water on October 10, 2026, we look forward to once again having Rotarians join us for this special day of community, education, and purpose.

With gratitude,

*Julie Murray*
