

*April 30, 2026*

Today was a special one.

I had the honor of bringing Jerry Engle to the Rotary luncheon , and it reminded me exactly what Rotary is all about—connection, legacy, and giving back.

It was great to see the Boy Scouts join as a new corporate member. That kind of growth matters, especially knowing we were the first—thanks to incredible people like member Rosalee Hedrick, who helped lead the way.

Congratulations to Russ Swain, Past President on being honored—so well deserved. He's on our board too and making an impact all over the valley and thank you to Toni, Shawn, and Janice for everything you each bring. The presentation today was excellent.

That's the heart of Rotary—people giving from a place of purpose. It's why it's lasted over 103 years here in Las Vegas, and why this club continues to stand out.

We'll be sharing the impact soon of our Annual Suit Drive. These donation gifts from the Las Vegas Rotary Club Members are going directly into the lives of families who truly need them.
