

June 11, 2026

Dear Rotary team

I wanted to reach out and let you know how disappointed I am that I won't be able to attend tomorrow's presentation in person.

More importantly, I don't want my absence to take away from what has become an incredibly meaningful and impactful event. This year's 3rd annual Suit Drive has grown beyond anything we could have imagined, and the response from the individuals receiving these suits has been overwhelmingly positive. The confidence, and encouragement this partnership provides continues to make a real difference in people's lives.

I am so grateful for Rotary's continued support and for everyone who helped make this year's drive such a success. Please extend my sincere thanks to all those involved.

If possible, I would greatly appreciate it if the PowerPoint presentation could still be shown. The stories and impact reflected in those slides really belong to all of you and help demonstrate what can happen when organizations come together with a shared purpose. If not the impact itself was enough was amazing and will only grow for the next one. We are also so excited about the upcoming opportunity at Harris Springs Ranch in October.

I look forward to being there for the debunking celebration and recognizing this outstanding partnership in person and Janice's presidency. Thank you again for your commitment and friendship.

With gratitude,

Andrew Moran
WestCare Foundation

Dress for success isn't just a saying. It's a statement. And you're making it loud and clear. Best of luck.
